Accessorise and personalise

The Roomster comes with a range of design features that allow your individuality to shine through. With Škoda Genuine Accessories you can adapt your car to precisely match your own sense of style. Our extensive selection includes accessories to emphasise the car's design, comfort, interior and more. For more information on the entire selection of Škoda Genuine Accessories, simply visit your authorised Škoda Dealer.

1. The **floor mats** not only make the car's interior more comfortable but also make it easier to keep clean.
2. Available for the front and rear windows, **slimline weather shields** allow you to drive along with the window slightly open and enjoy the fresh air whilst being protected from rain, insects and wind noise.

3. Give the interior of your Roomster that sporty look and feel with a **set of high quality stainless steel pedals**. Finished with rubber grips, they will ensure your feet will stay where they need to be **whilst** you are enjoying the drive.

4. The car **cooling box** has an internal capacity of 6 litres and can be connected to a 12V socket. It's sure to come in handy – especially on hot summer days.
